

US 360 Arterial Management Plan

US 360 at Chula Road | Safety and Access Management Improvements

Draft Recommendations

LEGEND

-  Property Line
-  Pavement
-  Median
-  Concrete Items
-  Traffic Signal

Description

This project improves safety and access management at the Chula Road intersection by improving signing and pavement markings, closing the median west of the intersection, and consolidating adjacent driveways.

Safety Benefits

- Reduces conflict points at and adjacent to Chula Road.

Cost

Preliminary Engineering	\$295,000
Right of Way and Utility Relocation	\$135,000
Construction	\$20,000
Total	\$450,000
